PEACH KINGS NEVER DIE!

The stage for the semi-finals is all set. The Peach Kings will meet Port Colborne in a best of five series, commencing this Friday night, February 15, and the game will be played in Grimsby.

The fact that it is games to count instead of goals might come as sort of a surprise to many of the hockey fans, for it seems to have been the popular opinion that Rushton would choose the goals basis.

The Kings are getting the breaks, in one respect anyway, they get two out of three games at home. Next Tuesday they play at Port, and come back to Grimsby the following Friday. Should additional games be necessary they will probably be played on the same basis on which the semi-finals are starting.

That encounter at Dunnville must have been really something. The Mudcats really put on the pressure to defeat the Hagersville squad. It was Dunnville's first win of the year, and it was a good one for all concerned. Including the Peach Kings. The final score was nine to eight, with Soggy Greene putting in three goals for the Mudcats.

Hagersville will now have to face the Paris Legion team for their share of the semi-final glory. It is the opinion of this writer, and I believe I have some support from the fans of the district, that Hagersville is the team the Kings would like to meet the least. And taking a look into the prediction department, I call Paris to lick the pants off Hagersville and furthermore to pick the Kings to eliminate Port Colborne. Having said this much, I might as well make my editor's ulcers really crawl, and pick the Kings-to-win-the-series. There! I've said it and I'm glad.

As the Kings skate on the ice Friday night at the local ice cube they will be in the peak of condition. The boys have been put through several strenuous workouts this week, and are raring to go. Hymie Shenker's eye is coming along fine, following a mishap at a practise session last week. Three stitches is a small matter in the desperate life of a goalie.

Will Strengthen Fire Department

Chief LePage Instructed To Take On More Men If He Deems It Necessary—New Fog Nozzle.

Fire Chief LePage must consider that his fire department is pretty well equipped at the present time, for all he asked the Joint Fire Committee in session on Monday night to purchase for this year was a new type fog nozzle at an approximate cost of \$60. He stated that this type nozzle was excellent for fighting small fires and eliminated 90 per cent of water damage. Committee instructed him to make his selection and it would be purchased.

Reeve Durham was elected chairman of the committee for the year and Councillor McNiven, secretary. The committee will meet the second Monday of every other month beginning with the March meeting.

Chief LePage asked that all fire hydrants in the town and township be checked and the valves and spindles oiled and greased.

Reeve Durham reported that work had just been finished on checking the hydrants in the township. Pressure in the east end was very heavy but not so strong on the west end system.

Chief LePage was instructed to check over the men on the brigade and if he deemed it necessary to secure some more men in order to strengthen the brigade to do so. Present strength of the department is 18 men.

REAL ESTATE

Through the C. H. Kirk Agency, Clarence Graham has purchased the VanDyke property at the corner of Depot and John streets.

Merritt Bros. are the purchasers of the Zimmerman house and lot at 16 Victoria avenue.

Through the James I. Theal agency, Samuel Harris has disposed of his 10 acre fruit farm on Nelson Road to Mr. Hopkins of Toronto.

Narrow Escape From Suffocation

Smouldering Fire in Chesterfield Fills Smith Home With Dense Smoke—Eight Persons In House.

The lives of the eight members of the families of Mr. and Mrs. W. R. Smith and Mr. and Mrs. Robert Gregory, 86 Paton street, were probably saved early Friday morning due to the fact that one of them, Miss Charlotte Smith, was awakened by smoke and fumes.

Quickly realizing the danger, she aroused the others, and she and her sister, Mrs. Gregory, got the two Gregory children, aged four and two years—and groped their way through dense smoke to the front door.

A chestfield, apparently set alight by a cigarette dropped before the family retired was found smouldering when firemen arrived.

Book's Wanted For County Prisoners

Grand Jury In 1945 Recommended That More Reading Material Be Provided At County Goal.

At a meeting of the general administration committee of the Lincoln County council held last Thursday in the county building, Clerk W. H. Millward was instructed to make inquiries regarding reading material for prisoners at the county jail.

Public libraries in St. Catharines, Grimsby, Beamsville and other Lincoln County centres as well as the Leonard Lending Library will be approached for cast-off books. The action of the committee followed a recommendation made by the grand jury to the 1945 county council and which was passed on to the council this year.

The committee, under the chairmanship of Roy A. Saunders, reeve of Beamsville, discussed recommendations to be made at the next meeting of the county council on Feb. 19th. A special meeting of the committee will be held again on Monday morning, Feb. 11th, when an attempt will be made to co-ordinate all activities for the year.

Several projects are already underway or being considered. Alternations commenced last year to the county building are to be completed this year. The committee was approached for added office space and more vault facilities for further consideration to these requests will have to be given at a later date.

If there is no paper next week it will be on account of the fact that the editor has not recovered from celebrating his birthday this week-end.

Township Council Take Two Whole Afternoons To Get Contentious Matters Settled— Include \$4,000 For Wool- verton Mountain—Expect To Get 2,000 Yards Of Crushed Stone Out Of Job —Road Costs Raise Tax Rate One Mill.

Township council sat in session all afternoon Saturday and accomplished nothing. They held a second session on Tuesday afternoon and while they consumed four hours they finally did get some useful work done.

Main bone of contention at both meetings was the Woolverton mountain job and the purchase of a new truck to do the township work.

Deputy-Reeve Aikens was strongly of the idea that a truck was just what the township needed. Councillor Mitchell was just as strongly convinced that the township had no need for a truck for any purpose. Reeve Durham and Councillors Bartlett and McNiven had very little to say on the subject.

Mr. Aikens' idea is that the township work can be done better and more economical with the township owning and operating its own vehicle, particularly for snow plow work, than it can be done by hiring outside labor and trucks. Mr. Mitchell took absolutely the opposite view.

All councillors were of the opinion that permanent work of some kind must be done this summer on the Woolverton mountain, but none of them were in accord with the estimate prepared last fall by Engineer McKay (except Mitchell) or with the two tenders received to do the job. The figures were around the \$7,000 mark. So ended the Saturday meeting.

On Tuesday the truck was the burning issue again and the whole story rehearsed several times. Four tenders were received and opened. Finally after long argument a motion by McNiven—Bartlett was passed that the township purchase a Fargo truck from the Anderson Motor Sales for the sum of \$3,125, delivery to be made within 60 days. Mitchell voting nay.

Between the opening of the truck discussion and the final passing of the motion, council passed the road estimates for the year and it will be noted that the truck is included in these estimates at \$4,000.

The four tenders received were as follows:—Anderson Motor Sales, two Fargo models at \$3,085 and \$3,125, to be delivered as soon as possible.

Grimsby Fuel and Feed, two different models of Internationals at \$3,239 and \$3,817, for approximate June delivery.

Four Wheel Drive Co., of Kitchener, two different models at \$7,168 and \$7,516, delivery in about three months.

Mrs. Jennie Killens Severely Injured When Struck By Car—Came From Behind Car.

Mrs. Jennie Killens, 60, formerly of South Grimsby township, and who has been residing recently with Mrs. Nevilles, Mountain Road was severely injured in collision with an automobile driven by Abraham Pauls, Forest avenue, Hamilton, on Main street, late Saturday afternoon.

Attended by Dr. A. F. McIntyre and later removed by ambulance to Hamilton General Hospital, Mrs. Killens, according to a police report, sustained a fracture of the left leg, fracture of the collar bone and other injuries. Hospital authorities stated that her condition was poor.

Eyewitnesses of the accident said that Mrs. Killens stepped out from behind a parked car directly into the path of the oncoming machine. She was thrown several feet by the impact.

Chief Constable W. W. Turner, who was on the sidewalk almost opposite the scene of the accident when it happened, said that the car driver had no opportunity to avoid it.

TAX RATE STRUCK AT 32 MILLS ON \$

This picture was taken about 1900, possibly a couple of years before that. The man lying on the ground, (his name never was known and he was buried in a pauper's grave) was discovered by Walter Riddiford, now Capt. (Rev.) Walter Riddiford of Burlington, in the bush at the head of Robinson street south. He died from an overdose of morphine. Dr. Alexander is kneeling at the man's head and sitting alongside the body is Walter Riddiford. Standing at the left the men are as follows: Wm. B. Smith, the late Dr. Millward, the next man is unknown. Standing on the right are a man named Dodds, Edward Filby, the next three are unknown, Wm. Filby, Daniel York, T. R. Beamsville Branch Of Red Cross Have An Outstanding Record — Officers Re-elected.

At a meeting of the Red Cross Beamsville Branch, held Thursday night, a motion was passed re-electing all officers now in office for 1946. Officers are:

President, Robert Kennedy; vice Presidents, N. Miller; Mrs. V. Cret; R. A. Saunders, Geo. Montgomery, Mrs. M. Reid.

Secretary, S. A. Southward. Treasurer, H. H. Holton. Executive, Mrs. B. Foster; C. W. Buck, Rev. E. F. Maunell, Mrs. Dr. C. W. Elmore.

A representative of Toronto Red Cross Headquarters, Mrs. C. Dewar was in attendance. Mrs. Dewar urged the members to continue to operate as a peace time branch. The splendid record of the branch during the years of war is outstanding, and Mrs. Dewar urged that the Beamsville Branch be continued in peacetime also.

At present the members are working on what may be the final allotment of materials, and work on these articles should be completed by the end of March. If at this time, the Branch is to continue, the present president, secretary and treasurer have made known that they will resign. This being the case, the executive would then appoint new officers.

The outstanding work of the Branch since its formation in September 17, 1939, until Sept. 17 1945 the branch had receipts of \$52,383.70. Most of this sum was used to purchase raw materials such as wool, and when completed articles were sent to Headquarters, the fifty-two thousand is a really doubled.

Regardless of what is done at the end of March, the record established by the Beamsville Branch of the Red Cross will be long remembered as a great asset to the war effort.

Education Costs Will Be \$47,535

Of This Amount Citizens Will Pay \$6,800—Balance Paid By Government And Other Grants.

While an amount totalling \$47,535 will be required to cover ordinary expenditures for local high and public schools, the people of Grimsby will be asked to pay but \$6,800 this year, as the difference is paid to the Board of Education through Government and other grants. This does not include the yearly debenture payment. A breakdown of this year's budget, as presented at Wednesday night's meeting, shows requirements as follows: For public schools—cost of instruction, \$15,112; instructional supplies, \$1,530; administration, \$658; plant operation, \$2,413; plant maintenance, \$2,231; auxiliary services, \$200; for high school—cost of instruction, \$16,590; instructional supplies, \$1,710; administration, \$829; plant operation, \$2,590; plant maintenance, \$2,732; auxiliary services, \$970.

T. L. Dymond was re-elected chairman, and William Hewson, vice-chairman of the board. The following standing committees were appointed first named as chairman: Property, A. V. Catton, Russell Terry, R. O. Smith; finance, William Hewson, R. A. Lipsett; management, Mrs. L. A. Bromley, Spencer Merritt, Dr. A. F. McIntyre and R. C. Bourne. Mrs. William Groce was reappointed attendance officer, and E. J. Muir, secretary-treasurer, for another year.

Rushton Quites Paper Delivery

Sting with Monday of this week all delivery of evening daily paper in Grimsby is being handled by the papers concerned.

Rushton's news agency has thrown up the sponge insofar as the delivery of daily papers is concerned. "Too many headaches," says Rushton. He will continue to handle daily papers, as well as The Independent, at the store, as well as magazines, but will have nothing to do with house to house delivery papers.

One Mill Rebate To Come From Government—Councillor Bonham Warns That Rate In 1947 Will Be 40 Mills—Councillor Inglehart Claims He Cannot Build Roads Without Money—Will Enlarge Police Force—Daylight Saving April First—Auditor Presents 1945 Report—Mayor Bull Warns That Disposal Plant Will Have To Be Rebuilt—More Property Sold.

Whether Councillor Bonham is right in his contention or not, that Grimsby next year would have a tax rate of 40 mills, he certainly gave Town Council fair warning of it last night, if he is right. Plenty of argument ensued around the legislative board over the striking of the 1946 tax rate, and while the rate has been struck at 32 mills on the dollar with a one mill rebate from the Ontario government, danger signals for the coming years were held out in all directions by Councillors Bonham and Price.

The 1946 rate to the Grimsby taxpayer will be 31 mills, an increase of six mills over 1945. Estimated revenue, other than by taxation, was placed at \$38,864; estimated expenses at \$90,010, thus leaving approximately \$52,808 to be raised by taxation, or 32 mills, with a one mill rebate from the government. Board of Education only asked for \$6,800, other than debenture payments.

Council intended to only set the rate at 30 mills but on motion of Lewis-Hewitt raised it to 31 mills. That was when Councillor Bonham, backed by Mayor Bull and Councillor Price declared that "in 1947 you will have a tax rate

of 40 mills if not more. Your rate is now 32 mills and in order to keep it at that you are taking \$6000 from your reserve fund. Next year you will still require 32 mills and you will not have that reserve fund to fall back on, which is equal to four mills, then you will have other added expenses and your rate will be 40 mills as sure as shooting."

Of course stated Mr. Bonham "I agree that you can not have all the luxuries in the world without paying for them, but the minute you start boosting this tax rate then you are going to hear plenty from the citizens."

Chief of Police W. W. Turner was given a raise of salary to \$50 per week beginning the first of March and on motion a second police officer will be hired at a salary of \$25 a week, the position to be advertised for locally.

Councillor Bonham in discussing roads and road work stated bluntly, "I travel through small towns in a great portion of Ontario and none of them have as good streets as Grimsby even Grimsby's streets are not perfection."

Councillor Inglehart claimed that "roads cannot be built or re-

Strawberries And Grapes Were The Exception—Cher- ries Declined 100,000 Bush- els, Pears Over 300,000 Bushels—31,500 Tons Of Grapes.

(Monthly Crop Report, Ontario Department of Agriculture)

This Crop Report contains preliminary estimates of the production and value of fruit and vegetable crops in Ontario for the 1945 season, with comparative figures, and the purchases by processors of these same products up to October 31st.

The quantity of all fruit crops, with the exception of grapes and strawberries, showed a decrease in production in 1945, as compared with the year 1944. In the case of apples, production declined from 873,300 barrels to 183,200. Cherries declined from 140,000 bushels to 41,200; peaches from 1,174,000 bushels to 832,900; pears from 372,000 bushels to 46,800; plums from 144,200 bushels to 27,400; and raspberries only slightly, from 4,522,000 quarts to 4,436,800. The yield of grapes showed a rise from 28,700 tons to 31,500 tons, and strawberries a substantial increase from 4,678,000 quarts to 6,146,400 quarts.

The average per unit returns to fruit growers in 1945, showed a considerable improvement over the previous year with the single exception of grapes, for which the average price per ton declined from \$77.42 to \$75.93.

The higher scale of prices compensated to some extent for the lower yields and as a result the total farm value of all fruit crops for 1945, amounts to \$6,688,700 as against \$12,379,800 in 1944, and \$10,807,500 in 1943.

With the reduced volume of production, purchases of Ontario fruits and vegetables by processors up to October 31st, 1945, totalled \$8,694,000 as compared with \$12,481,000 for the 1944 season up to the same date. Purchases in Eastern Ontario were reported at \$1,589,000 as against \$2,801,000, and in Western Ontario at \$7,105,000 as against \$9,688,000.

Legion Branch In South Townships

(Smithville Review)

The meeting held in the Red Cross Room on Tuesday evening by the district service men was opened by Comrade W. G. Henderson for the purpose of forming a branch of the Canadian Legion in the townships of Caistor, Gainsboro and South Grimsby and was attended by a good representation from the three townships. The guests of the evening were Comrades Percy Hutchings, Frank Hill, and Jim Trebble of Hamilton.

A motion by Comrade A. McAngus that the branch name be, Caistor, Gainsboro and South Grimsby Branch of the Canadian Legion was seconded by Comrade Alexander and carried unanimously.

Officers appointed were president, Comrade L. Shrum; 1st Vice-President Comrade Harry MacDonald; 2nd Vice-President, Comrade Lloyd Adams; Secretary Treasurer, Comrade Alex Shepherd; Sgt. at Arms, Comrade George Hardman, Sr.

Deputy-Reeve By Acclamation

Lorne Book, was re-elected deputy of Gainsboro Township by acclamation on Monday.

Mr. Book defeated Wallace McCready, last year's deputy-reeve in voting on January 7th, but the question was later raised that Mr. Book held a contract with the municipality, which prevented him from holding office on the council. He resigned, and another nomination meeting was necessitated.

Mr. Book was the only person nominated, and since his contract had ended, he qualified to take his old seat on the council. More ratepayers attended the second nomination meeting than were present at the first meeting on Dec. 31st.

Pneumonia Deaths

According to figures released Saturday morning at the St. Catharines-Lincoln County Health Unit, only two deaths were attributed directly to pneumonia during the past month.

While there were nine cases of pneumonia reported, only two of the resulting deaths have been attributed to that cause, the remainder being allocated back to heart trouble, limb breakages and other original illnesses which were followed by pneumonia.

January has long had a notoriety as being the "pneumonia month," largely because of the changing weather which often prevails and the general run-down condition of people following the activities of December.

In the meantime, Wolf Benson, guided by a telegram he found in Autry's effects, arrives at Jeff Lee's (Carl Stockdale's) dude ranch posing as his old friend, Autry. When Lee sees through the pose, he is promptly killed and robbed of several thousand dollars.

The family, including daughter Ann (Frances Grant), in charge of ranch entertainment, causes a "Dead or Alive" reward to be posted for Autry.

The real Autry finally arrives at Lee's. With Frog, the Professor and the Light Crust Doughboys, he entertains guests, at the same time, he does a bit of sleuthing. He tracks down Benson, captures him and clears his own name.

WILL BUILD

cillor Robertson appeared to be still not convinced that this is so. However after a lengthy discussion, during which the complete list of changes and additions in the lighting system was outlined by Councillor Banks, the motion was put through, and the Council wishes will be forwarded to the local Hydro Office.

Some of the changes to be seen shortly will be the lighting of Ontario Street through to the C.N.R. Station, additional lighting at the east end of King Street, and finally the erection of additional lights at the local ice rink.

The fire hall question was once more brought up by Councillor Laundry, who opened his remarks by saying, "the time is ripe right now for a new fire hall."

Saunders—"I think the Council is 100% for a fire hall. If the chairman of the fire committee and the fire chief look around and inspect other fire halls for an idea as to what they want"—Laundry interrupted—"I've heard a thousand different ideas on fire halls, we will never please everyone. I think the only thing to do is to go ahead and do it as we see fit. But do it now."

It was the feeling of Council that the firemen would gladly help in every way to build themselves a fire hall. The firemen are willing to do anything, in order to keep their equipment in proper condition," said Councillor Banks.

Strathroy Cemetery Board have placed a ban on Sunday burials, also on burials on Good Friday and Christmas Day, except in the case of death from a highly contagious disease.

Fire Department had a call to the home of Harry Farrell, 22 John street, at 8.30 Friday morning, where fire had broken out in a chertediff, which was destroyed. No other damage.

Mr. Frank Roberts a well known citizen of Smithville passed away at his home last Wednesday morning, January 30th, in his 80th year. He was clerk and treasurer of South Grimsby for over 37 years.

There were 20 building permits issued last Saturday during the month of January, the value being \$70,350. Of the total four permits were for dwellings at a value of \$16,600. Permits issued in January of 1945 were nine, at a value of \$7,195.

Last week The Independent in its story of the N. M. Bartlett firm of Beamsville, inadvertently stated that the Bartlett firm was the only one in Canada making fruit and vegetable graders. This is not the case. There are eight or 10 firms in the country that make graders of one type or another. Such a firm is in Beamsville, the Stad Manufacturers, that turn out a fruit grader as well as other wooden products for the fruit industry.

"Yes," replied Councillor Robertson, "we put up the walls and the roof, the firemen will finish it."

Summing it up Councillor Laundry remarked.

"See the Fire Chief and let him discuss with the Department what they think should be built. In the meantime let Council decide on what they want. Then meet with the department and thresh it out."

The motion was then entered by Councillor Banks, with Councillor Laundry's second, and the motion reads: "That the Fire Protection Committee proceed immediately with plans to build a Fire Hall."

ROADS BIG TOPIC

what equipment is needed. Along the same theme of road improvement is the need for crushed stone, which can be produced in the Township's own quarry.

It is the feeling of Repeve Montgomery that the quarry must be run on full-time basis, and made to pay for itself. And there is no reason why it should not be a paying proposition, if operated properly and at a full-time capacity. Some had to get machinery is needed at this time also.

With regard to the mill rate, which will buy, Councillor Warner stated that "there is no one who can expect the roads put in shape, ditches cleaned and the quarry put in action, and at the same time keep the tax rate that now exists."

The estimate for road improvement and new machinery will be up this year, as it will be practically all over the county. The fact that there has been no great expense this year for snow removal, is more than overcome by the need for new equipment. The estimate that will be forwarded to the Department of Highways for their approval, will be around the thirty-five thousand dollar mark, an increase of about four thousand dollars. The mill rate will likely be up two and a half mills.

This will be recited as an era when John Doe had me dough.

Parents and friends are welcome. At 5.03 p.m. immediately following the C.B.C. news there will be the Inaugural Broadcast over Trans-Canada Network: The Lady Baden Powell, Chief Guide of the World; Lord Rowallan Chief Scout of the British Empire; introduced by H. E. the Earl of Athlone, Chief Scout for Canada.

Daily from Sunday to Saturday, at the five centres, Fruitland, Winona, Grimsby Grimsby Beach, and Beamsville there will be the solemn raising of the Flag, symbol of the aims of Scouts and Guides. A window in each centre has been generously lent for the week, where scout and guide activities will be illustrated.

Uniform will be worn daily throughout the week by all scouts, cubs, Guides and Brownies. Special events will be: Wednesday 20th February.—Ice hockey game, Beamsville vs. Grimsby at Beamsville. Afterwards open skating for all scouts and guides by invitation of the Beamsville scouts.

Thursday, 21st February.—6.30 supper for past and present scouts and Guides at the Trinity United Church Beamsville. 7 to 7.30 feature broadcast—Trans-Canada Network from Vancouver: "Tomorrow—the Day." A C.B.C. production under direction of Scoutmaster Toyn Wickham Barn-

Cubbing

Three cubs passed the knot tying hurdle—the last big step before they receive their First Star. Pat Ryan, Billy Lee and Harry Tuer were the hard-working trio.

The Pack was back to near full strength following a siege of colds that kept many cubs out of the Jungle hunt.

The pack enjoyed a game that tested their skill in hopping and judging short distances. Also a darkness game of "Ships and Mines." A camp-fire game of "The Cubmaster Has Lost His Hat" was introduced and the cubs found little difficulty in mastering the questions and answers.

All cubs are reminded to attend church in uniform with their parents on the Sunday that opens Scout-Guide Week Feb. 17th.

The pack is planning on helping Dominion Headquarters send a large number of the Dutch Cub Book "HET WELPENBOEKJE" to the Wolf Cubs of Holland. The books of that organization were all destroyed by the Germans and the cubs know how every individual copy will be valued by some little Dutch Wolf Cub.

PEAGH KINGS NEVER DIE!

As the Kings skate on the ice Friday night at the local ice cube they will be in the peak of condition. The boys have been putting several strenuous workouts this week, and are raring to go. FACTS & FANCIES

Frank Fairborn, Jr.

I'M AN IRISH MONKEY

A lady said to me the other day, "how come your name is Livingston, which is Scotch, and you claim to be Irish." I told the lady I was neither Scotch, except what I get out of a bottle, nor was I Irish, I was CAN-ADIAN.

That brought up a lot of questions that are neither here nor there, but the fact remains that outside of being a REAL CAN-ADIAN, I am Irish.

Both my Great Grandfathers came to Canada on the same boat, in 1840. On that boat was a youngster 14 years of age, by the name of John Trew; also was a young lady, 14 years of age by the name of Sarah Beattie (who turned out to be a cousin to Admiral Beattie).

Well the Livingstons went North and the Trews went south, then the Trews went north. Eventually John Trew married Sarah Beattie. From that mating came Isabella Trew. She became engaged to Col. "Black Jack" Currie of the original 48th Highlanders (Famous 15th Batt.) and while he was making up his mind she eloped with "Jim" Livingston, from the Sixth Line of Duntroon, in Nottawasaga township and came to Grimsby and as a result here is The Independent.

Now then do not let anybody else tell me that I am not a true Canadian. I was born in Grimsby. I have lived in the Fruit Belt all my life, with a few aberrations, but if I am not a real Canadian, then who is outside of my few Indian friends, certainly not that lady with the English accent that questioned me.

KEEP YOUR RED CROSS STRONG IN PEACE

During the month of March, the Divisions and Branches of the Canadian Red Cross will be approaching Canadian citizens on a membership appeal.

In bringing this appeal to the attention of my readers throughout Canada, I do so with the utmost confidence that you, who have supported Red Cross with such loyalty and devotion, will want your Red Cross to retain the strength which your money, your blood and your work have built up during six hard years of war and to re-direct this strength into needed peacetime work for the health, welfare and happiness of our Canadian people.

If, at the beginning of World War II, I could have looked ahead and read the record of Red Cross achievements during the critical years just ended, I might well have said, "But this is impossible." On the contrary, it was proved that when a country unites solidly behind its Red Cross and has the will and purpose to achieve greatly, nothing is impossible.

Likewise, nothing is impossible to the Red Cross in peace—providing we, the people of Canada, continue to stand solidly behind Red Cross and have the vision and determination to make its comprehensive peacetime programme work for the lasting benefit of our people.

That is why I am asking you to continue your loyal support of Red Cross—as only through a large and virile membership will Red Cross remain strong in peace as in war.

BRITISH SEAMANSHIP

And the tugboat operators in New York harbor went on strike. Why? Because they believed in the C. I. O. Their agitating leader, that they are putting up good money to, every month, had to do something to hold his job. He called them out on strike for a wage demand that on the very face of it is foolishness.

When you start to raise the pay of an ordinary laboring man, with no more ability than what is contained in a pick handle, and of course under C. I. O. procedure raise the man of ability up to a point that neither one of them are capable of earning, there has to be a block somewhere.

The block came in New York Harbor the other day, when the old weather beaten Captain of the Queen Elizabeth walked out on the end of a dock, licked his finger with his tongue, held it up to the wind, and walked back to his Bridge.

Can you visualize those orders—Cast off. Half steam reverse. Orders. Cast over the ships transmitting system. orders, in mid-stream and turning around. She's steam ahead. They head out the river and on their way to Britain.

There is not a tug boat captain in New York harbor today on strike, or off of strike, that could back "Old Liz" out and of strike, for home, or "Old Mary" either. They head her go on strike for something they cannot do themselves.

Just good old British Seamaniship.

Deanne HAS A BABY—

I see by the daily public prints that Deanne Durbin has a six pound daughter. Is that not a wonderful thing.

I do not know what it is wonderful for. In the past 30 days there have been more than 20 babies born at West Lincoln Memorial hospital and there was not one of them that weighed as little as six pounds, and yet the daily press did not pick up the pictures of any one of those valiant mothers or their babies and publicize them.

Then why publicize the fact that Deanne Durbin had a baby. Just because Hollywood press agents have the daily press advertising departments by the ears. They have not the weekly press that way.

I wouldn't give one of the young mothers and her baby that passed through West Lincoln, for 20 Deanne Durbin's and her brat. Because my Mother and her child will go on and build the community that they live in. What will the Durbin woman and her kid do? Well, you know Hollywood.

'NEIGHBOURLY NEWS

How many of our readers listen to the radio program "Neighorly News" at 10.05 on Sunday mornings to hear Grimsby's own Andy Clark tell of the "happenings in those important parts of Ontario that lie outside the cities"? It is an interesting program of excerpts from the news of the Ontario weekly newspapers, and is a BC feature put out in co-operation with the Canadian Weekly Newspapers' Association.

Andy has a most interesting way of telling of the odities in the news and the program has become a most popular one. It has been on the air for several years. One of the features of the program is the "Over 90 Birthday Club" which week after week extends congratulations to Ontario residents who are mentioned in their district weeklies as having reached or passed their 90th birthday.

More recently too he has been telling of farms which have been in the same family for a century or more.

Andy is an ardent fisherman and during the fishing season there is almost sure to be a fish story or two included in the Sunday broadcast.

A few months ago he was seriously ill and a friend substituted for him for some weeks. Later he made his broadcasts from his living room at home, but is now around again as good as ever.

Listen in to the program next Sunday morning, we believe you will enjoy it.

ATTIC BEDROOM

What used to be known as the "attic" is today a cozy room with rose-colored wallpaper polished hardwood floors, and a steam radiator. It offers solid comfort in contrast to the unfinished attic in which some of us, as youngsters, were required to spend our sleeping hours.

The attic was reached from the "upstairs" hallway by a narrow, steep stairway that had to be climbed ladder fashion. A huge chimney divided it somewhere near the center, and the rough rafters gave rugged support to the sharply pitched roof, through which one could wink back at the stars.

In winter, preparations to put the children to bed in the attic room began before supper, when stone foot-warmers—or even flat irons—were put on the back of the stove. Then, just before the children were told to "start undressing," flannel nightgowns were hung over the oven door.

Opening of the attic door brought down an arctic gale, but this only spurred the children to scamper up the stairs and into their feather beds. The foot-warmers were worked down by the children's feet as they wriggled beneath the cold cotton blankets. Extra patchwork quilts were piled on, and when prayers were said the drowsy report that came from deep in the bed-clothes was "Toasty and warm."

A sleep in an unfinished attic in the wintertime is a sleep that can't be improved upon—not even in a bedroom with rose-colored wallpaper, polished hardwood floors, and, of all things, a steam radiator!

Letters to the Editor

JUVENILE DELINQUENCY

Ye Editor:-

Your column on Juvenile Delinquency in the last issue gave me considerable food for thought. The views expressed by the writer are timely and true. The part that Thos. Warner has played in the game of life has been of inestimable value to our district and our country. The teachings, if I may call them such, that the teen age boys receive from, not only your Tom and our Tom, but from all the Toms in this fair province of ours, has played a very important part in the lives of so many boys.

It is from these Toms who labor long hours without thought of gain or personal advancement or any kind, that these boys learn to play the game hard and clean. They learn teamwork, and sportsmanship, and many a boy who won promotion or decoration in this last world war can find that some of Tom's teachings and advice were in no small way responsible for his success, and the Toms look with pleasurable pride on these boys' achievements. That is their reward.

Man, men labor hard to attain great wealth, and after they have acquired the wealth, they find that it is a very empty achievement. They have never had the time or inclination to mingle with a group of teen age boys in a dressing room after a hard fought game of any kind of sport, and hear the good natured kidding amongst these boys. They do not hold spite or anger. Tempers which flared during the heat of the game have ebbed, and there is nothing but good comradeship expressed after the contest. And when these same lads look up to the Toms and ask "Well Uncle Tom, how did we do?" In that title of "Uncle" by these boys, is all the reward that the Toms want. That is a thrill which money can never buy, and which these men will never know.

When you visit the home of one of the Toms, you will find hung on the walls, pictures of groups and individuals, with suitable inscriptions, and Tom will proudly point to a reading lamp, a smoking set or a pipe and say with enviable pride "my boys kicked in a dime apiece and bought that for me."

These Toms are a great credit to our country, and I hate to think where a large number of our young men would be today, if it were not for our Toms.

Our men of means who lack the ability and time to help the boys along, should really get behind the Toms, with their money and influence, and make possible suitable places for these boys to meet and have good clean supervised fun and education.

Because on the shoulders of the boys of today, rests our future of tomorrow, and in passing allow me to pay my tribute to Thos. Warner and his rink rats. Last Friday night after the hockey match, there was a hockey practice. During this practice I spent my time in an upstairs room at the Ice Igloo. This room was beside the ink rats room. I heard these boys, about eight in number, re-live the game they had just seen. They analyzed each exciting play, and the amazing part was that I never heard a swear word used during all 45 minutes of heated discussion. If that is not a great tribute to the example set by Thos. Warner then I am an Esquimau.

Now you in Grimsby have Thos. Warner, we in Winona have Thos. Collins, and we are justly proud of the splendid work our Toms do. But I say in all sincerity, HATS OFF TO ALL THE TOMS, may their numbers never diminish.

Perrin Baker when he resided in Grimsby, Pastor of the Baptist church. A crack hockey and baseball player and an all around good fellow. That's a long time ago.

Lions Clubs Meets At Jordan

Jordan Station United Church was the scene of a get-together of the Niagara-on-the-Lake and the Beamsville and District Lions Clubs Monday night, and the repeat was of a high calibre maintaining a standard for which the ladies of Jordan Station are famous.

Chief Wilfred Richardson of the Beamsville Club officiated at the enthusiastic meeting, which was well attended. The Tail Twisters really had themselves a field day, making the evening quite successful from a financial standpoint. A Tail Twisters Derby was conducted which was won by Lion Frank J. Thomson of the Beamsville club.

Chief Bill Greaves of the Niagara Club spoke on matters pertaining to the good of Lionism. Lion Cliff Wallace of the St. Catharines Club outlined plans for the holding of a Public Speaking contest, open to residents of Lincoln County, this idea will be sponsored by the Lions Clubs.

The speaker of the evening was Mr. T. George Waller of the Toronto General Trust Corporation, and his subject was "Can You Afford To Die."

Mr. Waller made it quite clear that his talk was not evangelical in character, but a clear exposition of the correct and most economical method of making a will. His subject dealt with two main topics—1. Wills and Estates. 2. Succession Taxes. Mr. Waller explained the various types of wills, and told of the many pitfalls which a man might inadvertently fall in, attempting to write his own will.

It is important continued the speaker that every man make a will, directing the distribution of his property, but it is even more important that expert and experienced advice be sought, for the making of a proper will. A good experienced solicitor is the best bet, maintained the speaker. The advantages of appointing a Corporate Executorship in preference to an individual Executor were pointed out by the speaker.

Mr. Waller read many amusing old wills, which were a good sample of wills drawn up by amateurs, not versed on the proper proceedings.

Lion Chas. Wray expressed the thanks of the combined Clubs to the speaker for his interesting and beneficial talk.

SCHOOL DEBENTURES PAID OFF BUILD NEW PUBLIC SCHOOL

The annual banquet of the Board of Education was held in the household science department of the Beamsville High and Vocational School Wednesday night last.

Some great news emanated from the gathering, first there was the announcement that all debenture debt on schools in Beamsville was retired on Feb. 1st. Debts incurred resulted from the building of the new high school in 1916. And now the slate is clean.

The second matter of considerable importance was the advocacy of the trustees that a new public school be erected, to replace the antiquated buildings that now serve as the Beamsville public school.

There were several speakers during the proceedings, and most of them dwelt on the immediate erection of new buildings for public school students.

Retiring after twelve years as trustee, George Shepherd stated that now that both village schools are free of debenture debt, plans should be formulated immediately for the construction of a new public school.

Mr. Shepherd also stated that the final debenture payment on high and vocational schools became due and was paid off on Feb. 1st of this year. Debentures totalled \$165,000, and started in 1916.

The present public schools are out-moded. One of these buildings which was used as the Beamsville high school, was built in 1862.

Vice-Chairman Frank J. Thomson, who is the 1946 chairman of the Board, agreed with the statements of Mr. Shepherd. In Mr. Thomson's estimation, a new public school could be built at an approximate cost of \$160,000. He believed that the Board would receive grants up to 60 per cent of the cost from the Ontario Department of Education. Outlining his beliefs as to the construction of a new school, he included all the new facilities now found in modern schools, such as manual training facilities, modern class rooms and an auditorium. The day is coming when a much larger school than now serves, will be needed. Pupils from rural schools must be taken into consideration, for there may be a time, when all rural schools join as one in the village.

"Don't build just for the present," stated Mr. Shepherd. "Look to the future, fifteen or twenty years ahead at least. The time will come when you will be glad you did."

Blake Davidson, chairman of the Board for the past 18 months, was toastmaster at the banquet. After a fine turkey dinner, served by the household science department, several trustees spoke briefly, commenting on the close harmony between the Board, the Advisory Vocational Committee, and the teaching and maintenance staff.

Reeve Roy A. Saunders outlined progress made in the past year in county health matters and reported that this would be extended shortly as the county council completes arrangements for three Victorian Order nurses to supplement the health unit work. Greatly increased expenditures on county roads are also planned for this first post-war year.

He predicted that village affairs, too would break forth in a program of post-war progress this year. Commenting on the Board's debenture debt, Reeve Saunders revealed that the village itself has only \$5,500 outstanding in debenture debt now, and this will be retired in 4 years. This debt was contracted for repairs to the reservoir.

A. G. Richmond, principal of the high school, thanked the board for its prompt and whole-hearted support of anything progressive planned by the teaching staff. He suggested that the board make visits to other outstanding schools to inspect their facilities and methods, which could be embodied in the Beamsville school. He also reported that some teachers had taken summer courses to enable them to teach more efficiently, and felt that the board might take this into consideration when setting salaries.

"I should like to think," said Principal Richmond, "that they were improving their knowledge and qualifications with the purpose of serving Beamsville high school better, rather than to enable them to seek better positions some place else."

He said that accommodation at the school is now taxed to capacity, and predicted that in about five years the board may need to consider extending the accommodation.

Principal Mervin Ghent of the public school reported on the suc-

cess of the recently-inaugurated school lunch program. Statistics showed that the children were taking more and more advantage of the service which is proving quite popular.

Others who spoke briefly were Trustees Dr. C. R. Wray, Leighton McGregor and David Wright, and members of the Vocational Advisory Committee Ernest Culp, David Steven, Chairman Gordon Fry and Vice-Chairman Frank Barron.

The Woman's Missionary Society of St. Andrew's Presbyterian Church met at the home of Mrs. Clarence McArthur last Wednesday afternoon for their regular business meeting.

Mrs. A. W. Reid was the devotional leader for the afternoon and she spoke on "Light". Her subject was of much interest and of an extremely constructive nature.

Quarter Century In Business

It's a real pleasure to be able to write this little item about a Beamsville lady, and her business which was twenty-five years old last Thursday.

Celebrating her twenty-fifth anniversary in business, Miss Ethel Corcoran can look back over many changes in the village, its citizens and children. For its Ethel's that the kids have been going to for their cent candy, school books and pencils, for as long as I can remember, and longer.

Miss Corcoran has the distinction of being the longest established news dealer in Beamsville, having sold Spectators for thirty-seven years. I might add that this daily paper sold over the counter of the old Independent Telephone Office, of which Miss Corcoran was manager.

Going into business for herself, the first store was on Mountain Street, behind the hydro office. This building being converted from a dwelling into a store by the late James Bennett. After three years at that location she moved to the old Amias Block, which has since disappeared and is the present site of Stan's Garage. Another move came after seven and a half years, this time to the little store beside Reid's Barber Shop. After a short stay here, the late Jack W. Kennedy remodelled the old Jimmy Karr Culp building into a modern store, and into this went Miss Corcoran and her well established business. This was sixteen years ago, and we wish for her many more years of success at the same old stand.

Many Accidents Over Weekend

Minor accidents were on the increase during the past week, with four credited to this immediate vicinity.

Albert Hitchman of 176 Wakefield Ave., Buffalo N.Y. is out one 37 Ford valued at \$500. after he got over on the boulevard of the Queen Elizabeth and snapped off a light standard. Mrs. Alice Wakefield a passenger in the car is in St. Catharines General Hospital suffering from a fractured femur as a result of the accident. Slippery road conditions are believed responsible for the mishap.

Skidding into the ditch and overturning Henry Theving of 14 Maitland St. Toronto and two other occupants of the car escaped uninjured. This accident happened on No. 8 Highway at Bartlett's Side Road last Thursday night, when road conditions were bad following a snow storm.

William Cartner of R.R. 1, Beamsville escaped unscathed following a freak accident when his truck is said to have dropped into a five foot ditch on No. 8 Highway near the Thirty Road. The accident occurred late Sunday night. Mechanical difficulty is believed to be the cause of the accident.

Returning to Beamsville from his place of employment Saturday evening about six o'clock, Andrew Shearer, driving a truck owned by Merritt Brothers, skidded off the road and clipped off a hydro pole. The accident occurred about half a mile east of the village, and considerable damage was done to the rear of the truck.

Beamsville Schools are Free From Debt

All debenture debt on schools in Beamsville was retired on Feb. 1st, and last Wednesday night at the annual banquet of the Board of Education the trustees advocated a new, modern public school for the village. They would scrap the two buildings now used for the public school, one of which, built in 1862, was formerly the high school. They proposed a new building worth about \$160,000, of which the

government may pay 60 percent. Shown above signing papers which wiped out the old debt, contracted in 1916 to build their high school are: seated, left to right, J. A. Sinclair, secretary-treasurer of the Board; and Blake Davidson, retiring chairman; standing, Trustee Dr. C. R. Wray; Reeve Roy A. Saunders; Chairman-elect Frank J. Thompson; and Gordon Fry, retiring chairman of the advisory vocational committee.—Cut courtesy St. Catharines Standard.

Quarter Century In Business

It's a real pleasure to be able to write this little item about a Beamsville lady, and her business which was twenty-five years old last Thursday.

Celebrating her twenty-fifth anniversary in business, Miss Ethel Corcoran can look back over many changes in the village, its citizens and children. For its Ethel's that the kids have been going to for their cent candy, school books and pencils, for as long as I can remember, and longer.

Miss Corcoran has the distinction of being the longest established news dealer in Beamsville, having sold Spectators for thirty-seven years. I might add that this daily paper sold over the counter of the old Independent Telephone Office, of which Miss Corcoran was manager.

Going into business for herself, the first store was on Mountain Street, behind the hydro office. This building being converted from a dwelling into a store by the late James Bennett. After three years at that location she moved to the old Amias Block, which has since disappeared and is the present site of Stan's Garage. Another move came after seven and a half years, this time to the little store beside Reid's Barber Shop. After a short stay here, the late Jack W. Kennedy remodelled the old Jimmy Karr Culp building into a modern store, and into this went Miss Corcoran and her well established business. This was sixteen years ago, and we wish for her many more years of success at the same old stand.

Buys Block

The old Bennett Block has changed hands. Jerry Juniper announced that he has purchased the building in which his fine food market is located, from James H. Bennett, brother of Mrs. W. D. Fairbrother. The building has quite a history, and has seen some changes in the past few years. The large food market Mr. Juniper now operates is made up of the former butcher shop operated by Dave Brough, and the grocery store run by Roy Hoshal. The upstairs until recently was the office of Dr. C. Freeman, with an additional apartment.

Mr. Juniper is rebuilding the front second storey section of the building into a modern five roomed apartment.

Stuff 'Round Town

by GORD MCGREGOR

Big crowd at the Lions dance last Friday night, over four hundred patrons chugged around the floor as Eph Sloes his feet and his orchestra beat out the rhythm. Rhythm that is.

About thirty bucks damage resulted from an accident at the intersection of Central and Kings Streets last Thursday night. A vehicle operated by Mrs. L. T. Dewar of Toronto is alleged to have been hit broadside by a car driven by R. O. Wilcox, Beamsville. None of the occupants were injured.

Hear rumours that Tom Beckim is considering the building of a show-room in front of his home on King Street. The building would be a modern affair and add considerably to the main street, also to the new Beam theatre which will be right beside it. Something might be done with Fairfields old drug store, which would be a good idea.

A jolly group of Beamsville citizens journeyed to Paris last Friday, going via chartered bus. The trip was made possible through the efforts of Leighton MacGregor and R. A. Saunders. Peach Kings came through a fine victory to make the evening a successful affair all the way around. 'Nuff said.

Many Accidents Over Weekend

Minor accidents were on the increase during the past week, with four credited to this immediate vicinity.

Albert Hitchman of 176 Wakefield Ave., Buffalo N.Y. is out one 37 Ford valued at \$500. after he got over on the boulevard of the Queen Elizabeth and snapped off a light standard. Mrs. Alice Wakefield a passenger in the car is in St. Catharines General Hospital suffering from a fractured femur as a result of the accident. Slippery road conditions are believed responsible for the mishap.

Skidding into the ditch and overturning Henry Theving of 14 Maitland St. Toronto and two other occupants of the car escaped uninjured. This accident happened on No. 8 Highway at Bartlett's Side Road last Thursday night, when road conditions were bad following a snow storm.

William Cartner of R.R. 1, Beamsville escaped unscathed following a freak accident when his truck is said to have dropped into a five foot ditch on No. 8 Highway near the Thirty Road. The accident occurred late Sunday night. Mechanical difficulty is believed to be the cause of the accident.

Returning to Beamsville from his place of employment Saturday evening about six o'clock, Andrew Shearer, driving a truck owned by Merritt Brothers, skidded off the road and clipped off a hydro pole. The accident occurred about half a mile east of the village, and considerable damage was done to the rear of the truck.

BANKING IN ACTION

The Canadian Bank of Commerce has pioneered by opening branches with the first rush to new mining fields. Cariboo, the Yukon, Cobalt, Northern Ontario and Quebec, Flin Flon and Yellowknife are only some of the names associated with its service to the mining industry.

THE MINING INDUSTRY contributes directly to the national wealth of Canada by the output of its mines. It also influences the economy of the entire Dominion; for it creates widespread employment, purchases great quantities of food, clothing, machinery and equipment all over Canada, and builds and maintains whole communities which in turn add to Canada's prosperity.

In its day-to-day operations mining requires many banking services. This is Banking in Action.

The meeting opened with the flags being carried in by Dean Wilson and Allan Bentley. The two colour guards were Allan Baisley and David Todd.

We then had inspection in which Squire Betzner and Squire Lucy gave everybody the devil for not having

something or other on.

Then Mr. Autin, a signaller, a veteran of the last war, went through some signals with us, and he made us look small, us, and small.

Then a skit was put on seal patrol, of which I have the honour of not being in. Sir Baisley was the supervisor, so you Baisley guess what it was like.

OBITUARIES

THOMAS HAND

Thomas Hand, 728 Cannon street east, Hamilton, passed away at the residence of his daughter, Mrs. Walter Fisher, on Monday.

He was born in Port Credit and for many years was a well-known fisherman at Winona. He was 82 years of age. Deceased was a member of St. Peter's Anglican Church. His wife predeceased him two years ago.

Surviving are seven daughters: Mrs. Vina Tobin, Mrs. Thomas Garvin, Mrs. Cecil Shaver, Mrs. Ws. Edwisher, Mrs. George King, and Mrs. Neville, all of Hamilton; St. George; 1 Kenneth Beckett, of 16 great-g; 19 grandchildren and rested a grandchild. Remains funeral home Truscott Brothers' neaday, at 3 for service on Wed- in Queen's 3 p.m. Interment was by Lawn Cemetery, Grimsby.

FRANK J. DUNHAM

Discharged Thursday afternoon from a Hamilton hospital in which he had been a patient for the past several weeks, and where one of his legs was amputated due to an infection, Frank J. Dunham, of North Grimsby township died from a heart attack a moment after he walked into the Village Inn.

He had been fitted with an artificial leg of the latest type and was apparently fully recovered. It had been his intention to reside for the balance of the winter at the Village Inn.

Dr. C. W. Elmore, coroner, of Beamsville, said that death was caused by a heart attack.

A retired railway man, Mr. Dunham was born at Stratford and was in his 66th year. He had operated a tourist camp on No. 8 highway, one mile west of Grimsby, for the last ten years.

He is survived by his wife, who resides in Toronto. The body was removed to Toronto and the funeral was held on Monday afternoon with interment being made in Norway cemetery.

REV. I. M. MOYER

Rev. Isaac M. Moyer, for many years an active minister in the Evangelical and United Churches, passed away suddenly on Friday morning at the home of his daughter, Mrs. Ernest Culp, Vineland Station. His passing was a shock to the community where he was well known and highly respected, it being the neighbourhood of his birth.

Mr. Moyer was born at Campden Ont., August 26, 1864. In the course of his educational career, he attended the high school at Beamsville, St. Catharines Collegiate and the Normal school at Ottawa. He taught in grade schools for nine and a half years, first at the Pelham Union school, and then the Tintern school.

In his preparation for the ministry he attended Victoria University in Toronto. In 1893 he was licensed to preach by the Canada Conference of the Evangelical Church. His active ministry began in 1894 when he was stationed at Selkirk, then Stratford, Pelham, South Cayuga and Toronto. He was received as a member of the Hamilton Conference of the Methodist Church in 1904 and held charges at St. David, Lynden, Burgessville, Guelph, Acton and Port Colborne. After the inauguration of the United Church of Canada, Mr. Moyer served churches at Hespler, Winona and Fruitland. During the time of his retirement he served in the Fairfield United Church, Hamilton, for two years, and filled appointments for the Ontario Temperance Federation.

Along with his regular ministerial services, Mr. Moyer filled official positions in the church as financial secretary and chairman of the Welland district, secretary of the Hamilton conference, chairman of the Niagara Presbytery and for 12 years represented the Hamilton conference on the General Board of Pensions for the United Church of Canada. He was also a director on the board of the Ontario Temperance Federation.

In 1889 Mr. Moyer was united in marriage to Miss Nellie Hippel, daughter of William Hippel, of Campden, Ont., who faithfully shared with him the joys and trials of his long pastoral life until her decease in 1929. For the last six months Mr. Moyer had made his home with Mr. and Mrs. Ernest Culp and their sons, Howard and Edward. A brother, William H. Moyer, of Woodstock, survives him.

Funeral services were held at the United Church, Grimsby, on Monday afternoon at 2 o'clock.

Ministers officiating—Rev. W. J. Watt, assisted by Rev. E. S. Moyer, Rev. W. S. Daniels, Dr. George Barker, Rev. H. Godfrey, Rev. Wm. Finland.

Casket bearers—Rev. Stanley Moore, Rev. E. S. Moyer, Rev. W. S. Daniels, Rev. Wm. Finland, Rev. W. C. Almack, Rev. John Stapleton.

Interment was made in Victoria Lawn Cemetery, St. Catharines.

Beaver Club

Under the auspices of the Beaver Club of St. John's Church a very successful Penny Sale was held Monday evening.

There was a splendid turnout of members and friends.

Mrs. H. G. Mogg as President of the club welcomed the assembled company. Miss May Crittenden, Mrs. Wilfred Lawson, Mrs. C. Terryberry, Mrs. C. Hitchman distributed prizes. At the close of the game very dainty refreshments were served by the members of the club. Refreshments were in charge of Mrs. G. Carson and Mrs. G. Doucett and their committee.

The Club will meet at the home of Mrs. Lillian Garnham, Grimsby Beach, Monday, Feb. 18. Cars for members will be at the Post Office, at 8 p.m.

Memorial Service At St. Andrew's

Sunday Afternoon, Feb. 24th, at 4 o'clock there will be a Memorial Service in St. Andrew's Church for the men of the congregation who gave their lives during the war.

As no services were held previously for these several men, this service for all of them will be of special concern to their families and friends both within the congregation of St. Andrew's and in the community generally.

The following are those who gave their lives and to whose sacrifice together with all the fallen we owe our life and liberty:

Richard Bertram, Jack Carlton, Joseph Carlton, David Heatcote, Ernest Henley, Allan Home, Paul Maeder, James Powell.

Missing in Action: Theodor Woolverton.

I.O.E.

The Imperial Oil Company qh, hockey Broadcast, Saturday, to ruary 16th, will give a salute to the I.O.E. War Memorial. Do-

Yesterday, throughout the was minion of Canada a Memorial y launched to perpetuate the memory of the men and women who made great sacrifices for us in the Second World War. This is the Memorial of the Imperial Order Daughters of the Empire, for which the sum of \$500,000 will be required.

The object of the Memorial is to furnish bursaries in Canadian Universities for sons and daughters of the men and women who during the war died in the service of their country or suffered permanent in-

juries or disabilities. Also, it is expected that a further project will be to establish post-graduate scholarships to selected students for study in universities in any part of the British Empire.

Trinity Service Club

We met Tuesday afternoon in the church parlour and this being our first meeting beginning our new year, we were very pleased with the good attendance.

The President Leola Mitchell was in the chair and our meeting opened with prayer.

There was discussion in regard to our objectives for the coming year.

It was unanimously decided to buy twenty five new hymn books for use in the church parlour.

We welcomed several new members to our Club and Jean Millyard

convenor of the membership committee reported that the committee had some very good ideas in mind for entertaining, so that our new members would have better opportunity to get acquainted.

We very much enjoyed as our guest speaker, Rev. R. C. Standerwick, who told us many interesting things about our Canadian West.

Piano selections by Peter Phelps

were very much enjoyed. A gift was presented to Olive Terry retiring Secretary in appreciation of her faithful services.

A social half hour followed and tea was served, the hostesses being Belle Wilson, Ruby Priest and Hazel Tuck.

Ho, hum! The longer a bill runs the weaker it gets.

SPORTOLOGY

(By Bones Livingston, Sportologist)

DID YOU EVER GO THROUGH IT—40 years in sport, and then sit home with your feet in front of a fire place and worry your head off. I have. I did. That Paris game on Friday night had me flat. I knew I had a smart reporter at the game to report the actual happenings. But I wasn't there. What was happening to my PEACH KINGS? Sure chew the fat with Mother. Talk over the daily gossip. Listen to her wisely advice. Etc. But what was happening in Paris. God I did not know, and He was not coming down to tell me. So I sat and I smoke my pipe and listened to the ribald and nutty programs over the radio. Then when I thought the time was opportune, and I was in a rash then, I called the best friend that a newspaper has, the Bell Telephone Long Distance Operator, they get places that a newspaper can't get. I placed my faith in her. It wasn't long until I had a report that Kings were leading at the end of the second period 4-2. Well, that was satisfying. But knowing that Paris team under the leadership of a GRIMSBY boy, HARRY FAIR, I was not taking any chance on victory. He was a real hockey player himself, right off ARENA ice, made good in PARIS and then went overseas and came home last August to pick up and train that smart team. You will meet them in the play-offs. The pipe has gone cold. The radio has nothing on it that amounts to anything. Ma says "go to bed".—The phone rings it is a lady on the other end that wants to know "who done such and such." I didn't blow up, but she didn't get any information either. Well, I said to myself, two goals up at the end of the second, that don't mean a damn thing. I got thinking about the old PEACH KINGS. The night that they went into the third five goals below the deadline. At the end of the period they were four goals up. There is a REID on this present team but he is not Old Pud. As a matter of fact there never will be another Old Pud, but that is a story of explanation that will have to come afterwards. Now you see what goes through the head of a hockey nut. The telephone is ringing. Central has me Paris. On the other end of the line I have Mrs. Clarence Rushton, her melodious voice just sounded to me like the Soprano singer in the Metropolitan Opera, when she said 6-3 for PEACH KINGS. I am going to bed. I have sweated enough tonight.

THIS AND THAT—Looked like old times to see carloads and bus loads of fans pulling out for Paris on Friday night. . . . At last the PEACH QUEENS have their secretarial troubles all settled. That was

PEACH KINGS SCINTILLATE IN 6-3 WIN OVER PARIS

Peach Kings came through as they were expected to do, and now find themselves as top team, due to their six to three victory over the Paris Legion team Friday night.

The record of the 1945-46 edition of the Peach Kings is marred only by two tie games played against the pesky Hagerstown outfit. Leaving the Kings with six wins and two tie encounters of their eight games played.

In breaking the stalemate with the Paris Legion, the Kings fought hard and fast, and came from behind in the first stanza, overcoming a two goal deficit. The whole game was wide open, the type of hockey that appeals to any hockey fan, and the chances missed by both teams were numerous.

Paris had accumulated two quick goals early in the first frame, and it was at the ten minute mark that Jack Miller banged the puck in for the first King tally. In the closing seconds Normie Warner was finally rewarded for his brilliant play, getting the tying goal, unassisted, as the period ended.

The second period was all Peach Kings, and the boys were really clicking. Tallman scored from Duffield and Whitfield, and Warner picked a pass from Craig to give the Kings a two goal margin at the end of the second.

Two goals down the Paris boys opened up with a five man attack, but it appeared to this writer, that the Legion team slowed down considerably, as the Kings kept up their fast style of play. As is often the case the third period was a bit rough, five penalties being handed out. Four to the Kings and one to

Paris. The locals were men short at one time, playing two fully thwarted the efforts of the Paris snipers.

Clancy scored open the scord from Craig to Hayward scored, a minute later the final goal from Wilson, and of the night. Cvas Warner's third over a perfect praig again laying this game woulas. A summary of without the med not be complete minders. Hymention of the net of the Kings c Shenker defender best game of citadel played his guessing Paris four season, out-right on top of hisards who were applause from the large, brought the hockey season in a crowd of rink. However the net-the Paris Lee in the Paris goal -minding of spectacular, and but was just as performance the mar for his fine would have been ingin of victory erably.

Summary:

Referee—Bill McCulloch, Stratford.

why there were no scores in last weeks paper. . . . And BUD ELMER popped down with a 218-228-286 for a 732. Kinda showing the men up, eh? . . . And BERNICE BYFORD is back in the ring with a 611. . . . And RUTH ST. JOHN with a 639 with a top score of 272. . . . KAY PYNDYK getting close to the 300 mark with a 291. . . . That GAS HOUSE crew no matter who they are bowling against always manage to have eight games or better over the 200 mark. . . . WALLY PHIPPS surprised them all when he rolled 214-248-290 for a 662. A new record for a LEGION bowler. . . . That man HAMMY FOX never stops. His last effort a 206-298-306 for a 810 for to hoot the OWLS out of four points. . . . And the PIN TWISTERS tied three more knots in the BLACK CATS tails. . . . Led by RUPE GREGORY with a 721 PONY EXPRESS went on a rampage and took two points away from PIRATES. Why even JIMMY FALLOON rolled 719 to beat his father-in-laws 647. LITTLE WHIZZER was high man for the brigands with a lowly 669. Such goings on. The two teams rolled 15 games better than 200 with RUPE high with 346. . . . Wow The old PEACH KINGS came to life and took four points from the SHEET METAL with eight games over 200 and with STOKES having a 710 and MATT FISHER a 729. Why even old SMOKE McBRIDE had two games over the 200 mark. . . . MR. BAXTER, K.C., is doing better he had three games over 200. That Quebec air is really invigorating.

LEAGUE STANDING TIGHTENED UP AS RESULT OF SATURDAY'S GAMES—Detroit are still in front but they were lucky to secure a tie on Saturday morning last in their encounter with Maple Leafs. Robert Carlyle secured the counter for the Leafs and it was as good as a million until the last few minutes of the game when Alan Scrivener secured possession and worked through the whole of the Maple Leaf outfit for the goal which tied the score. Dick Dousett looked bad on this goal but he will do better in the future. In the Minor tangle Pittsburg and Syracuse battled to a 3 all tie. It was the best game that these moppets have staged so far his winter. F. Nelles for Syracuse and Bobbie Sturt for Pittsburg were the main goal getters. Canadians managed to get the odd goal in five to give them a 3-2 win over Chicago. Peter Romak and John Millyard were the best for the winners while Lee Smith and George Fillmchuk secured the Chicago tallies. The final game between Rangers and Boston was the poorest contest of the morning. Both sides were guilty of continual offsidess all of which tended to slow the game down a great deal. Likewise both forward lines were constantly out of position, all the players being drawn into the corners in a mad dash to check the puck carrier. Rangers secured their only tally on a play by Eugene Juras which could have easily been stopped if the players had been in their proper position. Boston still have the bad habit—which has no place in organized hockey—of securing possession of the puck and then waiting to be checked while still in their defensive area—and they usually are.

Beamsville Beaten

Taking advantage of poor defense work, Fulton notched two goals against the Beamsville team's one, in a Thursday night single game of the Fruit Belt League.

The game was definitely a poor example of team-play, it being a case of banging the puck in the general direction of the opponents nets. Beamsville looked especially bad around the defense area, with Fulton taking advantage of two break-aways to earn their victory.

Ray Dawe, Fulton forward scored in the first period, Locke tied it up for Beamsville at 5.30 of the second, and D. Switzer notched the winning goal late in the second frame. Penalties were handed out to D. Switzer, A. Moore and H. Switzer.

Rev. B. A. O'Donnell was the referee.

Beamsville—Goal, Harvey; Defense, Konkle, Locke; Centre, Moore; R. Wing, Lascelle; L. Wing, Luey. Alternates, R. Konkle, Shorthouse, Wilcox, Lampman, Allen, Flice.

Fulton—Goal, Pegg; Defense,

Packham, H. Switzer, Centre, Merritt; R. wing, Nicholls, L. wing, R. Dawe. Alternates, D. Switzer, C. Switzer, Parker, Smith, Duffy, Etherington, Laidman.

Lawn Bowling

In a game at First Church Friday night a Grimsby rink skipped by Dave Alton defeated Archie Dyett's church four by 23 shots.

The rinks and scores:
Grimsby—A. Clark, W. Schwab, B. Snyder, D. Alton, 33.
First United—G. Crinyer, T. Northey, W. Skerrett, A. Dyett, 10.

Double Header In Fruit Belt

If Winona ever came close to winning it was Monday night, and they played a brand of hockey break than they received. Played the rough Stop 69 guys, the final score was four to one for the Stoppers. Winona scored first, B. Fisher bulging the twine, but Simms with two counters, plus the Baldwin boys slapped in four goals for 69 to give them the victory. Stewart and Brown were handed penalties.

The second game was hockey of a good type, Beamsville finally edging out Stoney Creek by a three to two decision. Beamsville took an early lead, but the Creek evened it up in the second frame, only to have Doug Shepherd score the winning tally for the Beamsville crew. Lascelle notched two goals for the winners, with Archie Moore getting assists on all three Beamsville markers. Kay and R. Troup did the scoring for the Creek. Clark, Troup and Allen paid visits to the cooler. Referee for both was Rev. B. A. O'Donnell.

Lake Shore Euchre

Residents of the Lake Shore district held a very successful euchre party at the Lake Shore School, last Thursday night. Sixteen tables were in play. Many strangers and ex-residents of the district were there to help the cause. A good start was made toward the purchasing of some new equipment for the school, and Mrs. Fred Culp announced that on Feb. 21st, another euchre will be held.

Winners of the evening were: Mrs. Vic Tufford, Mrs. R. Kelly, Mr. R. Morrow, Mr. Orton Stricker.

Gospel Church

Over two hundred followers of the Gospel Church met in Campden Friday night, the occasion being a district Youth Rally.

Members from over twenty churches throughout the district were entertained by St. Catharines Tabernacle soloists, speakers under the leadership of the Tabernacle's pastor Rev. A. McGilvray.

Fifty members of the Calvary Church of Beamsville were among those present, and to appreciate the many musical selections rendered by singing groups from the St. Catharines Tabernacle.

Rev. McGilvray's message was inspirational and well rendered.

Rev. David Benson of the Calvary Church, Beamsville, was Chairman for the Youth Rally.

Ho, hum! Keeping up appearances nowadays is some upkeep.

Trinity Circle

Circle No. 8 of the Trinity United Church met at the home of Mrs. W. R. Biehard Monday afternoon, with about twenty members present.

The group spent the afternoon working on their quilting project, a means the Circle has of raising funds for their worthy work.

The Lake Shore Community Club met at the school Monday, and the sewing work was handed out to the workers of this group. Plans were also discussed during the business session, for the proposed card party which will be held on February 21st. With one successful euchre to their credit so far the ladies hope to further aid the need for dishes and other articles for the Lake Shore School.

Beamsville Men's Bowling League

Limited activity at the local alleys Monday night, with some teams still having trouble fielding a full entry. Lincolnares continue to lead the pack, by virtue of their triple win over the Blackhawks, while the second place Jordan crew still crowd.

Boy Scouts

by JACK HODGES

National Scout Week is upon us. Beginning on February 17th all Boy Scouts, Cubs and Girl Guides of the district will begin a week-long round of activities as full of fun and thrills as a three ring circus. Church parade, games, contests, Scout work demonstrations—in fact maybe even a savoury hot dog, I hope, are on the program. Colour parties of the Boy Scouts and Girl Guides are already practicing with their Grimsby counterparts for their impressive part of all official ceremonies.

Scout-master A. J. Hayward is counting on the attendance of the full Beamsville Troop. They'll be there, too, as the faint whiff of possible food reaches them. A scout is loyal—and hungry—always. Seriously, let's shine up our shoes and our faces and get into this affair 100% for fun, honour to scouting and just to show the world at large and this part of it in particular that we are on our toes.

By the way, attendance at the last Scout meeting was ice-cold—meaning, not so hot. Maybe the swell ice for hockey was the reason. Remember, Scouts, that you can skate when you can't scout. Wednesday night is for Scouting. Be seeing you.

Trinity E.A.

The regular meeting of the Evening Auxiliary of Trinity United Church was held at the home of Mrs. John Prudhomme, Wednesday night.

The president, Mrs. Lloyd Richardson presided, and the speaker was Miss Doris Birdsall of the teaching staff of Beamsville high and Vocational School.

Miss Birdsall's topic was the health and sanitation situation in and around the Angola Mission in Africa. Disease is extremely prevalent here, and the infant mortality rate is an astounding sixty percent. The medical missionaries are doing everything in their power to cut down on this terrific death rate. Feeding of infants at an early age, is the cause of much of the difficulty, and many ingenious methods are used by the missionaries to teach the African mothers to care for their babies.

The lepers also are coming in for more attention, and one colony

CANADA UNLIMITED - The Formative Years

The Red River Carts—by Jack Martin, O.S.A., C.P.E.

The West Begins

LAND FOR THE HUNGRY, the oppressed, the adventurous. Rich brown earth with never a stump to pull and never a rock to break off a plow point . . . Land, free for the taking . . . Millions of acres open to the people of the newly confederated Dominion of Canada.

This was the call of the West in the 1870's. A call that sent thousands of

Red River carts plodding westward from Winnipeg, each with its pair of grunting, patient oxen, its rattling pots and pans and the small store of seed grain that was to be the beginning of an empire of wheat.

Yet not easily did the hardy men and women of the 70's wrest security out of the land. They fought drought, hail, frost, and marauding Indians. They lived through the blizzards and hunger of the first winters, buoyed only by their sublime faith in the future of their land.

And in the few short decades that have passed since then, the land their plodding oxen plowed has become a food bin for the entire world. The Canada they fought and worked for has become a nation, standing proudly amongst the foremost in the world. By our continuing faith and effort, we can build a Canada Unlimited able and ready to go to ever greater heights.

And part of this faith . . . part of this effort is our continued purchase and holding of Victory Bonds.

News From BEAMSVILLE High School

by Little Whozit

I had hoped to bring you something bright, cheerful and juicy in the way of news this week—some thing like a nice moister or two, but all concerned seem to be behaving far too well. This all goes to make it difficult for little Whozit.

To keep a little on the serious side I'll first report on the presentation made to our Mr. Richmond, by the school—the occasion being—Wedding Bells. We hope it fills a vacant spot and proves to be a blessing on four legs.

Now to deal with our sport problems. First, the hockey at Grimsby where the score of 6-0 for Grimsby told only too clearly the sad tale. The lack of experience and practise was written all over our team. The Grimsby goalie didn't get a chance to strut his stuff, but give us ice, practise and some experience and we'll show the world some real hockey. Now about basketball. Score 29-18 for Beamsville. I think it was pretty evenly matched. For Grimsby H.J. played a smooth brand of basketball and of course I had previously warned Grimsby concerning the basketball ability of our man Sedso. I think a word might be said here about the cheering effect team supporters have on a team. When only about five students turn out to cheer their team on it doesn't make much noise does it?

Now for light and frothy chatter. I can't seem to tie on to any real tales of romance gang, but some of our gals were visiting in the big city over the week-end. My how our little women do get around—here and abroad. The operetta romances seem to have changed color, location and complexion. I gather everything has

been ironed out by now. Come on Gang, guys and gals, step around a bit and supply some local color, of course I want you to always keep well within the law. Some of our young uns seem to favour skating Saturday nights, perhaps I had better cast my eagle eye in that direction eh?

See you next week gang—same place—same station.

Fireside Hour

The Young People's Fireside Hour was held in the Calvary Church Sunday evening, Feb. 10th. The president Mrs. David Benson opened the meeting with the hymn "Redeemed," after which she led in prayer.

A quartet number, "Take Up Thy Cross," was sung by four young ladies of the Church. A reading entitled "To-night Perhaps" was rendered by Abe Janzen. A guitar duet, "Whispering Hope" was given by Mrs. Benson and John Block, followed by some testimonies by the young peoples.

Rev. Hugh Stewart of Hamilton was the speaker and gave an interesting and inspiring talk, his topic being "What Is Your Life?"

Beamsville Girls Bowling League

With just four scant weeks to go before the playoffs, the Beamsville Ladies Bowling League is reaching a high peak in competition. Aces look like the winners unless the Spitfires can overcome a three point deficit. Lawn Bowlers and Happy Gang are tied for third place with sixteen points eight points behind the leaders.

The battle for high average continues, and as it stands now, Ruth Miln and Doris Ransom are tied for this leadership with a season's average of 179.

Lloyd Shearer topped the high single Wednesday night's activities with a 204 mark.

Aces	783	694-2	24 pts.
Lawn Bowlers	758	652-0	16 pts.
Business Girls	531	654-2	7 pts.
Happy Gang	512	638-0	16 pts.
Spitfires	523	800-2	21 pts.
Merry Macs	641	699-0	12 pts.

Game Association To Hold Banquet

The 13th annual banquet of the St. Catharines and Lincoln County Game and Fish Protective Association will be held at the Welland House, St. Catharines, on Monday, February 25th.

There are in the neighborhood of four hundred and sixty members of this organization now, and still expanding.

Professor W. C. Blackwood of the O.A.C. at Guelph will be the speaker. Other entertainment will be presented for the enjoyment of those attending.

Services Will Be Illustrated

On Sunday evening at the Baptist Church, the first of a series of five messages on the "Church of our Fathers" will be given. These messages will be illustrated with Kodachrome slides, presenting in beautifully colored pictures the panorama of the Christian Church.

These slides which are the product of years of research by the Yale Divinity School were released as a unit just this last year. The choice of pictures and the commentary describing them was the work of Roland H. Bainton, well known American church historian, and the author of the recent young peoples church history, "Church of our Fathers."

Both slides and commentary contain a fascinating story of the Christian church from the time of the Early Church, through the Middle Ages, the Period of the Reformation, and the rise of the modern and new churches. The slides and commentary come to Grimsby through the courtesy of the First Congregational Church of Stratford, Conn., and its pastor the Rev. Stanley Sellick. Young and old will find a fascinating story and challenge in these glimpses from the life of the church. High school students will find a special interest in this visualized history.

CHECK THOSE FEBRUARY RATION COUPON DATES!

Because of several changes taking place this month in the use of coupons, such as the changes to "R" coupons for butter and the "S" coupons for sugar, as well as the expiration of all preserves coupons, Wartime Prices and Trade Board re-emphasized recently February ration coupon validity dates.

The validity dates for the butter coupons are as follows: February 7, number 139, February 14, number R1, February 21, number R2. For meat, coupons numbers 23, 24, 25 and 26 come due, one each week, on February 7, 14, 21 and 28 respectively. For sugar, coupons 70 and S1 come due February 21.

CONTINUATIONS From Page One

TOWN COUNCIL

Board of Works will only have \$10,000 for all purposes, or \$1,800 more than last year. Daylight saving time will become effective in Grimsby on March 31st at midnight, by motion of council.

S. S. Joscelyn, Town Auditor presented his Auditor's Report for 1945. He no doubt gave council much information about the contents of the report, but we are unable to give the taxpayers any information as no copies of the report were provided for press representatives, so to follow his explanations, in order to give the taxpayer some knowledge of the actual financial status of the town, was an absolute impossibility. Mr. Joscelyn constantly kept referring to the taxpayer but he provided no facility for the taxpayer to receive any enlightening information at this time.

Mrs. L. A. Bromley informed council that it was almost impossible to divide the servicemen's list, between town and township as they were constantly moving back and forth. Mrs. Bromley presented a complete list of 562 names to council for them to work in conjunction with township council.

January report of Chief of Police W. W. Turner showed, two court cases where culprits were sent to jail for two months, also eight charged under the parking by-law and fined \$2.00 each, one charge of careless driving, fined \$20; complaints investigated 14; one place searched for liquor.

Council was extended an invitation by Rev. E. A. Brooks to attend the Memorial Service in St. Andrew's church on Sunday, Feb. 24th. The invitation was accepted.

Charles T. Farrell was appointed Assessor for 1946 at a salary of \$350.

Mr. Philbrick of Beamsville, was sold the building lot at the corner of Main street and St. Andrew's avenue at \$400, with a \$300 rebate when a new house is erected within 12 months.

Mayor Bull warned that the time was not far off until the Department of Health will order reconstruction of the disposal works, and that will cost a lot of money on a debenture issue.

Frank Burton made application to open a store on Paton Street opposite Fairview avenue. Application was granted.

A. E. Flewellyn, Grimsby Beach, made application for the piece of land at corner of Clarke and Maple for the purpose of manufacturing cement products.

Howie Ferris applied to purchase the piece of land at corner of Clarke and Maple, and accompanied his application with a marked cheque. Council sold the property to Mr. Ferris for \$125.

F. E. Pearn brought attention of council to the manner in which garbage was placed out for the collectors and as a consequence blows all over the streets.

A. Henderson was appointed acting plumbing inspector.

Court of Revision on sewer and water mains assessment on Kingsway boulevard will be held on Friday, March 1st, at 7.30 p.m.

Joint Fire Committee accounts amounting to \$103 were ordered paid.

Relief accounts for January amounted to \$64.

General accounts for \$818 were ordered paid.

Permission was granted Grimsby Fire Department to hold a band concert in Roxy Theatre on March 17th, proceeds for West Lincoln Memorial Hospital.

Report of pumping of water for January showed 11,071,000 gallons pumped; average per day 364,838; biggest day January 22nd, 496,000; smallest day, January 7th, 336,000; increase for month over January 1945, 3,478,000; increase in average per day, 79,935. Power accounts, January 1946, \$150,890; December 1945, \$124.55; January 1946, \$156.55.

W. Smith was sold a strip of land, adjoining his property, in the Fairview section for \$50.

Humane Society was granted \$50.

Vinemount News

Congratulations are extended to Mr. and Mrs. Reg Priddle of Vinemount on the birth of a daughter, born on Monday, February 11th.

Mr. Reg. Priddle received word of the death of his father at Niagara Falls, on Monday, February 11th.

Miss Reita Bowlaugh, daughter of John and the late Mrs. Bowlaugh, Ridge Road, finished her three year course at the Hamilton General Hospital on Saturday last, with something of a record, having never lost a day during the entire three years. After a month's vacation which she intends spending at Port Carling, Miss Bowlaugh will return to the hospital until graduation activities.

At the annual meeting of the Hamilton branch of the Custom's and Excise Officer's Association, Major Frank T. Shoebridge of Grimsby was elected president for the ensuing year.

Frank Anderson and Neil McLean have been attending the Plymouth, Chrysler, Fargo parts and Service School in Hamilton the past few days. They have been fortunate in securing a new Plymouth to display.

The municipal council of the township of Gainsboro, at its February meeting passed a by-law for an expenditure of \$25,000 on the township roads. Leo R. Cosby was appointed assessor, succeeding J. E. Jamieson, who resigned.

Kentucky Minstrels are coming to town. This crack troupe of negro entertainers will appear in High school auditorium on Wednesday night next under the auspices of the Canadian Legion. Proceeds in aid of the building fund.

The municipal councils of the various centres of the Niagara district have been advised by the Railway Association of Canada that the prospective dates for daylight saving time in 1946 will be Sunday April 30 with Standard time again taking effect on September 29th.

At the monthly meeting of the Junior Farmers of Lincoln County held last week at the home of Fred Romagnoli in Beamsville, the members of the association were urged to support a proposal to establish a branch of the Victorian Order of Nurses in the county.

Property transfers in St. Catharines showed an upward trend during January as compared with the same month last year. During the month there were 105 transfers of property. Of the total 82 were for a consideration of \$385,337 and 23 were family transfers at \$1 each. Assessment Commissioner Martin H. Laird reports that transfers generally are keeping up a steady pace.

The Roads Committee of the Lincoln County council met Thursday in the office of the county engineer, F. E. Weir, to discuss plans for road work in 1946. The question of new equipment for the roads department also came up for discussion during the meeting. Various recommendations will be made by the committee when the county council holds its February session on Tuesday, the 19th of this month.

Miss Murial Sturch daughter of Harry and Mrs. Sturch, Vinemount is home for 3 weeks holidays from the Hamilton General Hospital where she has been in training. She will graduate this summer.

Cubbing

Forty-one enthusiastic cub Scouts gathered around the totem pole last Friday evening. Allan Young was welcomed as a new chum.

A game of "Break Through" provided steam off. The defences were so good on both sides that very little scoring was done.

A variety relay which featured walking backwards and on all fours proved that size isn't always necessary to win as the smaller cubs displayed the most speed.

The pack then gathered around the jungle camp fire to enjoy a sing song and game of "swat" and many an unwary cub received a merry swipe from his next door neighbor with a familiar old sock.

Akela reminded the pack of the duties and privileges that come with Boy Scout Week.

All cubs are to attend their own church Sunday morning, Feb. 17 in full uniform and in the afternoon

of the same day are to be present at the Scout's Own service to be held in the High School Auditorium at 3.00 o'clock.
